Dedication

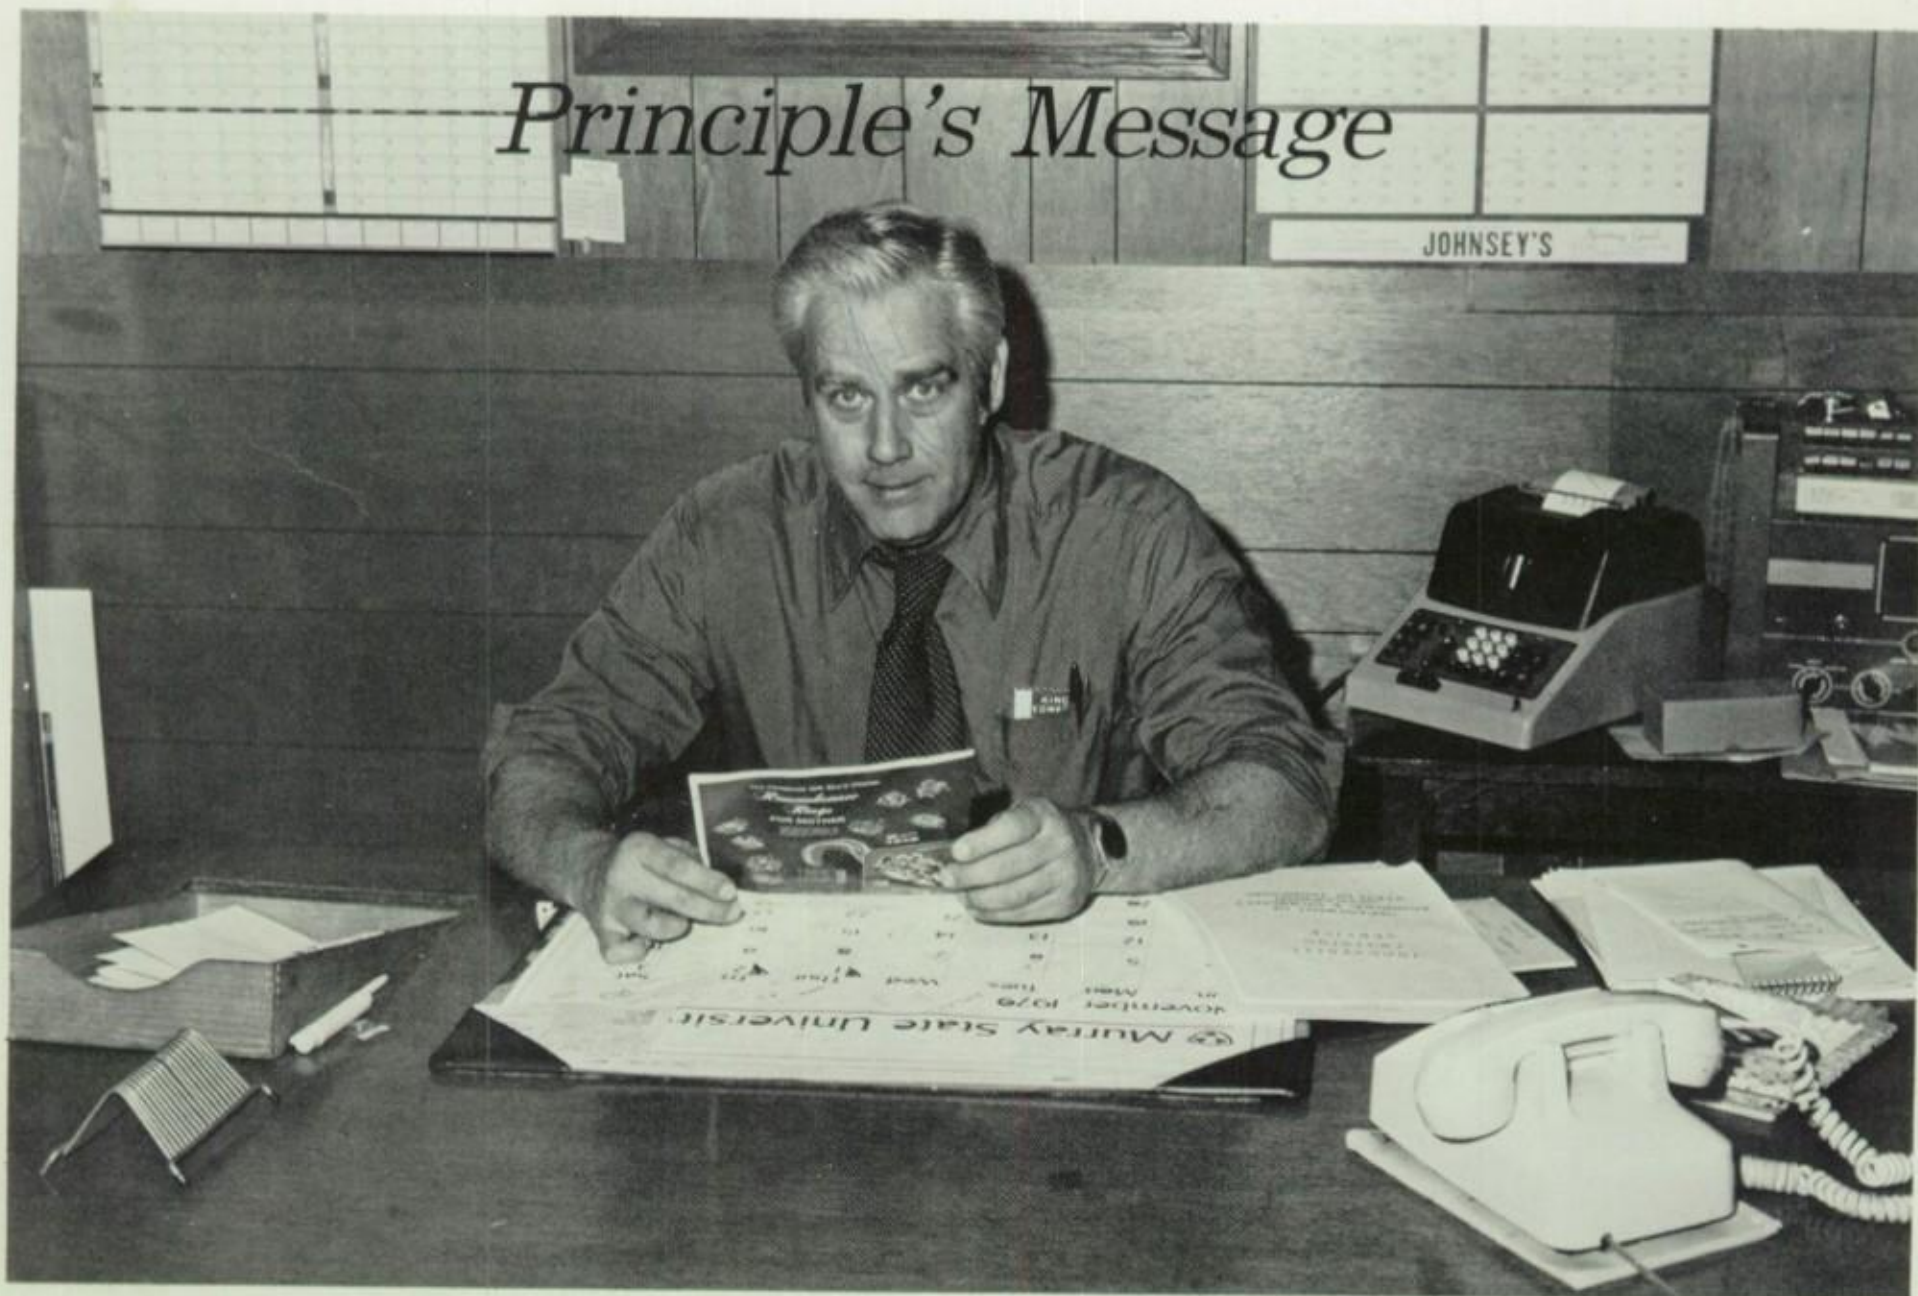

Only the photograph of another building, you say? How mistaken you are? To a passerby, yes, this is just another school building; but to students of Palmersville High School it means much, much more. The friends made here, the achievements mastered, the disappointments suffered, and knowledge acquired here have made P.H.S. a very special building.

It would be difficult to ever forget the crowded halls ... the assemblies ... the excitement of a close ball game ... the cold bumpy bus rides ... cramming for a test ... the discussions in class ... the mad scramble for the door ...

And so, here is your book, the 1980 ECHO, which we give you. May you always remember this memorable year in good old P.H.S.

The Class of 1980

Principal's Message

It has truly been a pleasure to have worked with the Senior Class of 1980. My hope for you is that you will use what you have learned at Palmersville High School to help you live better, happier and more successful lives.

I am happy to have worked with you as your principal.

Sincerely,

Robert Montgomery

It has been a privilege to be your sponsor for the past three years. Your cooperation and hard work have made the job a pleasure rather than a chore.

As you leave Palmersville High School, hopefully the experiences that you have gained here will be beneficial in your adult life. As you have grown from your education, may your alma mater also have grown from your passage through. Good luck in all that you undertake.

Sincerely,

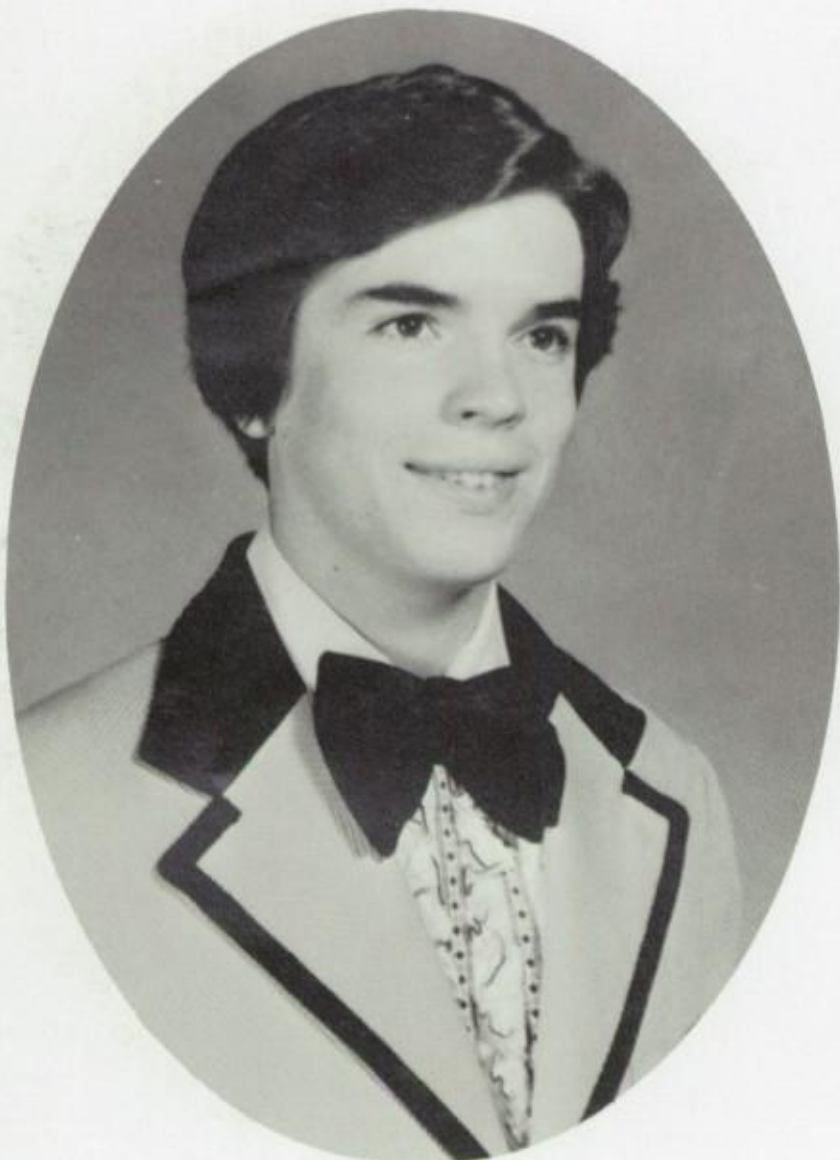

J. A. Owen

On behalf of the Senior Class of 1980, I the Senior Class president, would like to express our sincere gratitude and thanks to our parents, faculty, friends, and fellow students. For without all of you having a part in our years of school, this year of graduation would not become a reality. We all have a great challenge in front of us, and we accept it and will do our best in the days ahead to reach our goals.

Class President,
